

WoodPlanter Series

The Southwest Harbor Planter

A small yet powerful lattice work planter speaker for your deck or patio. It's a 2 way speaker system that will fill an area up to 400 square feet (one pair) with fine, clear music.

16 ½" x 16 ½" x 16 ½"

The Westport Planter

A medium size lattice work planter speaker for your deck, patio or around the pool. It's a 2 way speaker system with extra bass for an area up to 600 square feet (one pair). 18" x 18" x 18".

The Southampton Planter

The Southampton boasts a full, very musical 3 way speaker system. It will fill a space as large as 800 to 1000 square feet (one pair) with outstanding sound. Available in 90 or 180 degree versions or full stereo for a special area.

19 ½" x 19 ½" x 19 ½".

The Palm Beach Planter

The most elegant and powerful lattice planter speaker we make. It's available in 90 or 180 degree sound dispersion, full stereo or an amazing quad array for a full 360 degree sound pattern. The Palm Beach planter speaker will cover an area up to 1000 square feet. Also, for the very best audiophile sound, we offer a custom built three way Audax speaker system (pair, left and right) for the most discriminating listener, We call it the "Atlanta". 24" x 24" x 24".

The Charleston Planter

Designed to tuck nicely away into a corner, the Charleston can be connected as part of a pair (mono) or very easily switched to full stereo. It offers the same sound quality and coverage as the Southwest Harbor Planter.

26" W x 21" D x 21 ½" H

The New Orleans Planter

An upscale version of the Charleston boasting a full 3 way speaker system times two. Its amazing sound is available in mono (part of a pair) or independently as a complete stand alone stereo speaker. 26" W x 21" D x 21 ½" H.

The Lake Placid Bench

A Full 56" wide, the Lake Placid is a complete stereo speaker featuring 2 tweeters, 2 heavy mid woofers and 2 special bass enhancers. It's designed to be a very useable sitting bench and speaker system that will fill an area up to 500 square feet. It's also available in a 180 degree version for full sound, front and rear, a total of 1000 square feet of coverage.

56" W x 16 ½" D x 20" H.

The Saratoga Bench

An upscale sound version of the Lake Placid boasting a full three way speaker system times two! Its powerful sound will fill an area up to 800 square feet. The Saratoga can also be ordered in a 180 degree version thereby doubling the sound coverage to 1600 square feet.

56" W x 16 ½" D x 20" H.
